Each person who joins WellCare of Kentucky must choose a primary care provider (PCP) from our provider directory. Your PCP is your personal doctor. They will provide your care or send you to other doctors (specialists) if needed.

You can ask to change your PCP to another WellCare of Kentucky PCP at any time. To change your PCP, you must first call WellCare of Kentucky Customer Service at **1-877-389-9457**. Prescriptions

WellCare of Kentucky covers all medically necessary Medicaid-covered medications. Our preferred drug list (PDL) lists the drugs we prefer your provider prescribes. We may also require that your provider explain to us why you need a certain medication or quantity. This process is called prior authorization (PA). We must approve the request before you can get the medication.

Reasons we may ask for PA include:

- A generic or pharmacy alternative drug is available
- The drug can be misused/abused
- Other drugs must be tried first

Some drugs may have quantity limits. Other drugs are never covered (such as drugs for weight loss). If we do not approve a PA request, we will send you information on how you can appeal our decision and your right to a state hearing. If you would like a copy of our PDL, call us toll-free at **1-877-389-9457**. TTY users, call **711**. You can also find it at **www.wellcare.com/Kentucky**.

Utilization Review Process

Our utilization management program includes:

- Prior authorization
- Prospective reviews
- Concurrent reviews
- Retrospective reviews
- How to submit an appeal

These reviews let us measure the healthcare and services our enrollees receive. We measure these based on an enrollee's coverage. We check to see if the care and services are right. Then we decide how much coverage we can provide. We also decide how to pay those who provide the care. At times, we have to deny coverage for services or care. Our employees may make these decisions, a doctor or other reviewer may also make the decisions. When this happens, we do not reward anyone who makes these decisions. If there are any financial rewards, they do not promote using fewer services. Do you have questions about this program or want more information about filing an appeal?
