

WellCare of Kentucky Pain Management Program Provider Educational Webinars

In keeping with our commitment to promote continuous quality improvement for services provided to WellCare of Kentucky members, effective September 1, 2021, WellCare of Kentucky has entered into an agreement with National Imaging Associates, Inc. (NIA) to implement an Interventional Pain Management (IPM) Program. This program includes prior authorization for non-emergent outpatient, interventional pain management services (IPM). This decision is consistent with industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services.

WellCare of Kentucky and NIA welcome providers to attend an upcoming provider education webinar on the NIA IPM Program prior authorization process. There will be several one hour long webinar sessions that will take place on the following dates. You will only need to attend one of these educational sessions.
